## Introduction

If you are you a vehicle operator – whether running a logistics company or simply running a number of goods vehicles as part of your business – you should talk to our specialist road transport team.

We are here to take care of the issues that often slow your business down or keep you awake at night.

Whether these issues arise from: DVSA, Police, HSE or Trading Standards investigations; prosecution of your drivers; ensuring that your commercial contracts adequately protect your business; headaches over regulatory or environmental issues; or dealing with how you resource your business and manage your people – our team can help.

---

## Our Services

Our team will advise you on:

- Operator licensing
  - Tachograph and overloading offences
  - Representing you and your drivers before the Courts or the Traffic Commissioner; and in Appeals to the Upper Tribunal Administrative Appeals Chamber (Transport Tribunal)
  - Issues arising from operating outside the UK
  - Regulations on waste disposal and environmental responsibilities
  - Risk management before; during; and after regulatory investigations
  - Customer and supplier agreements
  - Supply chain dynamics
  - Driver obligations (ensuring that your business is compliant)
  - HR strategies (including hiring overseas drivers)
-

## Why Shulmans?

---

Our specialist team has more than 25 years' experience in dealing with the kinds of risk faced by organisations like yours. We understand the issues that are crucial to the success of your business.

We will work hard to identify your business objectives and your main challenges (and headaches!). We can then work with you to prioritise actions and to ensure that you receive relevant advice that can really make a positive difference to your organisation.

In an emergency – such as a visit by the authorities to your premises to execute a search warrant – we can be on the end of the telephone 24 hours a day and ready to act at a moment's notice. Our team will also manage things so that any adverse publicity is minimised or eradicated.
